## CRIME TRENDS AND ANALYSIS

**JANUARY 2010**

### Fountain Valley Reporting Districts (RD)

## TIP OF THE MONTH: Census 2010 – Everybody Counts!

April 1, 2010, is the 2010 Census Day. The goal of the 2010 Census is to count all residents living in the United States and its territories.

Have you ever wondered why the U.S. Census Bureau spends so much time and money to conduct an accurate population count?

The U.S. Constitution requires a national census once every ten years. Every person living in the United States must be counted — both citizens and noncitizens.

Census data will be used to allocate more than \$400 billion each year to state, local, and tribal governments. Census data will also be used to determine how many seats each state will have in the U.S. House of Representatives.

On a local level, census data is to guide local decision makers on where to build new roads, hospitals, transportation needs, child-care and senior centers, schools, and more.

The new 2010 census questionnaire has been shortened to only 10 questions. Census forms will be delivered in mid-March. When you receive yours, answer the 10 short questions and mail it back in the postage-paid envelope provided. If the questionnaire is not returned, you may receive a visit from a census taker who will ask if assistance is needed to complete the form. It should only take about 10 minutes to complete the questionnaire. The questionnaire is available in other languages if needed.

The information you provide will remain confidential. By law, the Census Bureau cannot share your answers with anyone — not the IRS, FBI, CIA, or any other government agency. Penalties are in place to safeguard your information.

If you have questions about the census, please contact the Planning Department at 714-593-4425. *It is time to be counted!*

## **RESIDENTIAL BURGLARY**

RD 33 16700 block of Daisy on 01/21/10 @ 1805 hrs. Entry through unlocked garage. There was no loss due to the VM interrupting the burglary. **Suspect descriptions obtained.**
