## CRIME TRENDS AND ANALYSIS

**MARCH 2010**

### Fountain Valley Reporting Districts (RD)

## TIP OF THE MONTH: Vacation Safety

### **Here are some tips for spring break travelers:**

- If you are taking a road trip, check out all belts, hoses, fluid levels, spare tire and tires on the car.
- Pack tools, a cellular phone, a first aid kit, a flashlight, fire extinguisher, water and snacks just in case the car breaks down.
- Remember to bring your health insurance card and allergy bracelets.
- Let your family and trusted friends know when you are leaving, when you will be returning, and how you are traveling.
- If you are traveling by bus, rail, or air, don't bring magazines with your name and address. Tear off your address label. You do not want strangers to know where you live.
- Don't have your name and address highly visible on your luggage for the same reason.
- Be aware of pickpockets who prey on people in crowds. They get close and bump into you without you noticing. Pickpockets also work in groups. One will distract while the other slips away with your goodies.
- If you stop at a restaurant, bar, or café, and set your bag down, put your foot through the strap. That way it won't be taken without you knowing.

Take precautions and you can have a spring break full of happy memories.
