CRIME TRENDS AND ANALYSIS

JULY 2009

Fountain Valley Reporting Districts (RD)

TIP OF THE MONTH: TAGRS UPDATE

Have you noticed that the graffiti reporting section of our newsletter has quadrupled in size? It's not because there has been a sudden influx in graffiti. It's because we are able to track graffiti a lot more closely now that we have implemented our new TAGRS system.

Before the implementation of TAGRS, the Public Works Department would automatically clean up or paint over any graffiti without involving the police department. The Police Department was only taking reports on graffiti that was witnessed or reported by a member of the public.

Now that we are using the TAGRS system, every single piece of graffiti is documented and photographed by the Public Works department before it is cleaned up. That information is electronically sent to the Police Department and reviewed by investigators.

So when you see our long list of graffiti statistics, don't worry that graffiti is taking over the City of Fountain Valley, because it's not. We are just documenting it more thoroughly.

If you would like to be a part of this new process and report graffiti, please call our graffiti hotline at (714) 593-4604 or email us at graffitiwatch@fountainvalley.org.
