CRIME TRENDS AND ANALYSIS

SEPTEMBER 2011

Fountain Valley Reporting Districts (RD)

TIP OF THE MONTH: HALLOWEEN SAFETY

For parents:

- Do not use masks. Masks make it hard for children to see what's around them, including cars. Try a hypoallergenic (less likely to cause an allergic reaction), non-toxic make-up kit instead.
- Make or buy costumes in light-colored material. Place strips of reflective tape on the back and front, so that drivers can better see your child.
- Costumes should fit properly to prevent trips and falls. Avoid items such as oversized shoes, high heels, long dresses or capes.
- Put your child's name, address and phone number on his costume.
- Young children should be accompanied by an adult for trick or treating.

If your child is going out without an adult:

- Make sure your child is in a group of at least 3 people.
- Give them a flashlight. A cell phone is also a good idea if you have one.
- Draw a map outlining the route they should follow. Ask them to call you if they plan to go on a street that isn't on the route.
- Set a curfew (and make sure they have a watch with them).
- Tell your children not to eat anything until they get home.

For children and youth:

- Carry a white bag or pillowcase for your candy, or add some reflective tape.
- Bring a cell phone, in case you need to make an emergency phone call.
- Always travel in groups. Be sure there are at least 3 of you at all times.
- Let your parents know where you're going to be at all times.
- Don't visit houses that are not well lit. Never go inside a stranger's house.
- Walk on the sidewalk whenever possible. If there's no sidewalk, walk on the side of the road facing traffic.
- Don't criss-cross back and forth across the street. Work your way up one side of the street, and then start on the other.
- If you have any allergies, tell the person who is giving out the treats.
- Don't eat any of your treats before you get home. When home, ask your parents look through your treats with you to make sure everything is okay.

For homeowners:

- Turn on outdoor lights, and replace burnt-out bulbs.
- Remove items from your yard or porch that might trip a child.
- Sweep wet leaves from your steps and sidewalk.
- Use alternative to candles in your pumpkins, such as a flashlight or a battery-operated candle. If you are using a candle, don't leave the pumpkin unattended.
- Remember that some children have food allergies. Consider giving treats other than candy, such as stickers, erasers or yo-yos.
